MEMORANDUM FOR THE RECORD

Subject: Disposition of Support Records--Field

I discussed the subject of Disposition of Field Support Records with [redacted] DDP/RMO on 3 March. I proposed that a dispatch be sent to the field advising them of the proposed changes in retention periods for items 15a, 15f, 15i, and 15j.

He agreed, but suggested that we wait until a response has been received from a dispatch he sent [redacted] on 24 January requesting a better description of the volume of records which they propose be sent to Headquarters. I agreed to wait.

[redacted]
Chief, Records Management Staff

4-11-61

[redacted] Area Records Officer, Office of Comptroller does not have any knowledge about a dispatch [redacted] relative to change in instructions for destruction of Finance Division records. She thinks [redacted] SSA/DDS may know about this.

I called [redacted] and found that he was not available and I was advised that a [redacted] would call me.

4-20-61

Discussed this matter with [redacted] He advises that they are in process of preparing [redacted] which will eliminate the disposition Guide for Auxiliary Paper Holdings [redacted] dated 17 Feb 1960 which [redacted] was instrumental in preparing. He advises further that this [redacted] would probably not be fully coordinated and ready for distribution [redacted] for at least 3 months.

Further discussion with [redacted] ARO, Comptroller indicates that they will agree with my suggestion to initiate a dispatch to Class A and Class B Field Stations advising them of new retention periods for certain Finance Division records. The Dispatch will be coordinated with the Records Management Staff. This will permit [redacted] and other similar affected stations to get immediate relief from accumulated holdings of Finance Division records.

I called [redacted] office again to find out whether the SSA/DDS had responded to [redacted] request of 29 Nov. 1960 to advise him about the need to retain Finance Division records [redacted] or have them transferred here as requested. [redacted] Again, I found [redacted] not available and then I requested [redacted] to contact me.

(On P. Disposition
Field Records)
